following counties: Clearfield, Jefferson, Elk, Cameron, Clinton, Centre, Potter, & McKean**

APPLICATION

Name: _____

Address: _____

County of Residence: _____

Phone: _____

Email: _____

Income Determination:

For the purposes of determining eligibility for the private water supply testing, the following information is necessary. Each family should determine the number of persons living in the family and whether total family income exceeds or falls below the listed figure for the appropriate family size. Before completing the survey, refer to the bottom of this page for some examples to guide the income determination.

Please check the total income for:

| | | | |
|-----------------------|------------------------|-------------------------|------------------------|
| 1 PERSON \$ 31,750 | Above ___ Below ___ | 5 PERSON \$ 48,950 | Above ___ Below ___ |
| 2 PERSON \$ 36,250 | Above ___ Below ___ | 6 PERSON \$ 52,550 | Above ___ Below ___ |
| 3 PERSON \$ 40,800 | Above ___ Below ___ | 7 PERSON \$ 56,200 | Above ___ Below ___ |
| 4 PERSON \$ 45,300 | Above ___ Below ___ | 8 + PERSON \$ 59,800 | Above ___ Below ___ |

ANNUAL INCOME INCLUDES:

1. Gross wages before deductions of all adult members of the households.
2. The net income from operation of a business or profession or from rental of real or personal property.
3. Interest and dividends.
4. Social Security and pensions.
5. Unemployment Compensation, Disability Compensation, Workmen’s Compensation.
6. Public Assistance.
7. Alimony and child support.

ANNUAL INCOME DOES NOT INCLUDE:

1. Income from dependent minors under age 18. Heads of households and spouses may never be considered minors.
2. Income of full-time students age 18 or older, who are not heads of households or spouses.
3. One-time additions to family assets such as inheritances, capital gains, settlement for personal or property losses.

Please be sure to complete the water supply information on the back side of this page

Water Supply Information: Please provide answers to as many of the following questions as you can.

Do you have a spring or a well _____

Provide the latitude/longitude for the well/spring if you know it _____

Is this your primary source of water _____

Do you have a secondary source of water _____

Is this a shared water supply _____

If so, please provide their contact info if they would like to receive results as well _____

What type of supply is it: residential, business, camp, or other _____

Have you ever had your water tested before _____

Have you ever had any problems with your water such as

Taste _____ Odor _____ Color _____ Staining _____

Well/Spring run dry _____ Other _____

If you have had previous problems, please describe as best you can _____

Do you have any form of treatment for your water _____

If so, what type of treatment/what are you treating for (hard or soft water, iron etc) _____

Should you be selected to receive a free water supply test and you have some form of water treatment, someone will have to be present when water is sampled

If you have a well please answer these additional questions:

Was your well drilled or hand dug? _____

How deep is your well _____

When was it put in _____

You will be notified as soon as possible if you are eligible for a free water test. If so, your results will be presented to you at workshop later this year where you will learn how to interpret them. This workshop is mandatory, and everyone receiving a water test through this program must send a representative. Additionally, all individual water test data and information collected is confidential, however, by signing and submitting this form you agree to allow Headwaters RC&D to use your results for future educational use.

Please complete this application, sign, and return it to:

Kelly Williams, Watershed Specialist kwilliamsccd@atlanticbbn.net
Clearfield County Conservation District 814-765-2629
511 Spruce Street, Suite 6
Clearfield, PA 16830

Please note, completing and submitting this application does not guarantee that you will get a test done on your water supply. If a number of requests come in for a single geographic area, we will complete as many tests as necessary to get a representative sample of the groundwater in the area.
