**Tuesday March 16, 2010**

**Tri-County Church, Route 255 north of DuBois, PA**

The interest in grazing is stronger than ever as farmers look for ways to lower input costs and meet the demand for locally grown grass-fed meat and milk products. Whether you are new to grazing or a veteran, this year's program offers something for everyone. You will learn how to direct market your products, understand the benefits of multi-species grazing, hear how an experienced meat processor maximizes yield from a grass-fed carcass, see if a renewable energy watering system is right for you, and more!

The registration fee is only \$25 per person and includes a continental breakfast and hot buffet lunch (featuring locally-raised and grass-finished meat). Pre-registration is required and payment is due by March 1, 2010.

**The registration form and complete details of the conference  
can be found on the Headwaters RC&D website at**
